

THE DOTHAN EAGLE

VOLUME 2

DOTHAN, ALABAMA, MONDAY EVENING, MARCH 6, 1911

NUMBER 100

GENEVA COUNTY HAS MANY SUBJECTS

AN AVERAGE OF FOUR HUNDRED CASES OF HOOKWORM ARE TREATED WEEKLY

Geneva county has four dispensaries for the treatment of hookworm disease and it is estimated by the physicians in charge that they average treating four hundred cases weekly. The dispensaries are open for the treatment one day in the week and are in charge of Dr. W. W. Perdue, who it is said is doing excellent work in the field. He is the latest acquisition to the field force of the hookworm department of the state board of health.

The dispensaries in that county were opened several weeks ago by Dr. H. G. Perry, field agent for the commission, who is now in Dale county to establish a chain of dispensaries. The Geneva people have taken much interest in the work and the work of eradicating the dreaded disease is progressing nicely.

Dr. Orr, who has been running the Dothan dispensary will leave in a few days for Coffee county where he goes to open a dispensary for free treatment.

MEETING OF WARD ONE CITY IMPROVEMENT CLUB

Ward One of the City Improvement Club held a most enthusiastic meeting Saturday afternoon at the home of Mrs. Charles Roland on S. St. Andrews street.

Among other interesting topics discussed, it was voted to establish Arbor Day for this ward and the second Saturday in January, 1912, was set for this observance, as it is too late to make much headway along this line at present. Still, everyone present was urged to use their influence in getting out as many trees as possible this year.

Over six dollars were collected in dues.

POSTER FLY

The last old time wooden awning on Main street went today. This cleans that street up to where it looks mighty well. There is but one other street that needs this attention so badly, and that is Foster. We hope the citizens will see this and take them down.

BOARD OF HEALTH ISSUES WARNING

The following warnings or recommendations have been issued by the county board of health to school children and others for the prevention of hookworm disease:

- Never go with bare feet unless the ground is perfectly dry
- Never go with bare feet through muddy places
- Always wear shoes when it is raining
- Always wear shoes when the ground is wet
- Always wear shoes when dew is on the ground
- If you get ground-itch, have it treated at once
- Always take treatment for hookworm disease within ninety days after an attack of ground-itch

Going with bare feet over wet ground is the principal cause of hookworm disease.

M. Barnett, M. D.
County Health Officer.

BUTLER BEING GIVEN PRELIMINARY HEARING

Prince Butler, a negro man, is being given a preliminary hearing today before Judge A. C. Crawford. Butler is charged with having burned the home of D. Martin, a few miles from Dothan. The Martin family had a narrow escape from being burned to death before they were able to get out of the building. Dogs were sent to the scene and the trail led to Butler's house. He was arrested and has been in the county jail since.

Ask Cephus Rollins what he thinks about the old reliable United States Health and Accident Insurance Company. All forms of policies with premiums payable annually or monthly.

BIG MULE STABLE TO BE ERECTED

Real Estate Deal Goes Through for Dr. Hammond Property. Wholesale Live Stock Stables to be Built

Dr. G. A. Hammond has sold the St. Andrews frontage on his lot, which is on the corner of St. Andrews and Crawford streets, to Malone and Acree, who will erect a large brick stable thereon. The building will be a two-story affair, fitted out to handle live stock in much larger quantities than they have in the past. Dothan is fast becoming the wholesale market for live stock in this section of Alabama, and this firm didn't have room enough at their stables around next to the Central railroad.

Dr. Hammond did not sell all of his property in this block, but what he did sell took his residence, which will likely be moved further back east, fronting Crawford street.

This property fronts the paved street on South St. Andrews, and is well located for a business of this kind.

Work will be commenced on the building right away, so that it will be completed for early fall business. The deal was made through Dell & Smith.

FRESH SHIPMENTS

Florida new Irish potatoes, cabbages, squashes, celery and cucumbers—Maxwell House Blend coffee.

A. D. Ussery Grocery Company.

W. H. Grant has gone to Headland and Abbeville in interest of the Grant Clothing Company.

BOOM PERCY FOR GOVERNOR

Jefferson County Representative Is Favored—Doubt Exists as to His Defeat for Job

Birmingham, Ala., March 5.—The sounding out of the name of Walker Percy, representative in the legislature from Jefferson county, for governor four years hence, has been with interest. There is much talk along the idea and a little boom has been started. Mr. Percy stands well in Jefferson county and reports now are to the effect that his activity in the legislature, right from the start has attracted attention his way. The question is being asked here, does he want to be governor or is there something better in sight? The name of Walker Percy is to be heard frequently in Birmingham and throughout the county and since the speech criticizing appointments by O'Neal there has been much talk which indicates that a boom is on for him for the gubernatorial nomination next time.

Close friends of Mr. Percy or the gentleman himself are not saying what is intended but the rumblings connect Mr. Percy's name with that of the gubernatorial nomination next time without opposition.

There has been some mention also made already of Mr. Percy for United States Senator, but there will be no vacancy for a while yet and the gubernatorial gossip has the right of way.

The meeting of the City Improvement Club will be opened promptly at 3 tomorrow afternoon at Mrs. George Leslie's home. The four wards will be heard from and interesting accounts are expected from the committees as to what steps have been taken to encourage civic pride in their respective wards. The treasurer will be on hand to receive dues of any kind, bank, present and in advance for the year 1911.

Mrs. C. S. Tutwiler,
Recording Secretary.
By order of the president.

MANY PEOPLE ATTEND DEMONSTRATION

A large number of people were in town Saturday and attended the demonstration of the electric burglar alarm at the Third National Bank. The alarm has been put in the bank at a great cost by the American Bank Protection Company and is one of the best of modern protections. In case of a bank robbery, the electric alarm sounds in the front of the building and can be heard all over town. This is the only alarm of this kind in this part of the country.

THE WEATHER

Unsettled tonight and Tuesday. Not much change in temperature.

A Mother's Safeguard
Foley's Honey and Tar for children. It is best and safest for all colds, coughs, croup, whooping cough and bronchitis. No ointments. Sold by N. J. McCallum.

FOR RENT—The Hughes photo-graph gallery store. Apply to M. B. Gyrd.

CITY REAL ESTATE FOR SALE

Seven room house on half acre lot on corner of South St. Andrews and South streets for \$1,575.

West Main street home, ten rooms, south front, lot 100x312 feet, for \$4,500; all conveniences, worth \$6,000.

West Main street home one block from court house, nine rooms, corner lot, a few days at \$5,000.

Lot 78x150 feet, south Oates st., two blocks from court house. If taken at once, \$3,400. Small cash payment and long time.

Corner lot fronting South Apple-tree street, one and a half blocks from LaFayette avenue church, for \$650. Three residence lots can be gotten out of this.

Over a hundred farms for sale in and around Dothan. Small cash payment now secures any one of them before the big advance in price this fall.

DOTHAN LAND & DEVELOPMENT COMPANY

L. G. Biggers or H. A. Powell
Phone 428, opposite new post office.

TELEPHONE POLES

Dothan is ahead of many towns in many things, one of which seems to be telephone poles. We have enough of these to go on either side of the street to hold our telephone and electric wires and then we have some more to lay along the sidewalks pretty much all over town.

What the object of these extra ones is, nobody seems to know. They can't be for beauty, and we can't think of any use they could be put to where they are. Nobody seems to know whose they are even. Some say they belong to the city; some say the telephone company owns them. They have been lying at large so long folks have forgotten. One lady said she had hers, meaning the one in front of her door, sawed up for stove wood. Must we all do likewise? They ought to be disposed of in some way. As it is, they are an eyesore and keep people from planting grass and flowers in front of their homes.

The Confederate occasion which takes place Wednesday morning at 10 o'clock at the Grammar School, when a portrait of Jefferson Davis will be presented to the school by Mrs. L. M. Bashinsky, of Troy, bids fair to be most interesting.

The following program will be carried out:

Song—My Old Kentucky Home
School Children
Address—Life and Character of Davis
Mrs. Bashinsky, Presentation of Portrait,
Acceptance of Portrait.

Prof. J. V. Brown,
Reading—"Lines on the Portrait of Davis."—Mrs. C. S. Tutwiler.
Song—Dixie.

School Children.
After the program a chapter of the Daughters of the Confederacy will be organized and all interested are invited to be present.

A. S. Davis, of Haleburg, visited Dothan today.

M. J. Ward passed through the city today from Haliburg en route to Birmingham.

Stray Hog—A stray sow with four pigs has taken up at my house. Owner can have same by calling at 200 North St. Andrews st. J. D. Grey.

Wanted—Seed sugar cane. Apply at this office.

BROKE INTO ELEVEN HOMES

Police Scouring Swamps in Georgia for Unknown Negro Charged with Attempted Assaults

Vidalia, Ga., March 5.—A posse made up here has been scouring the swamps in this vicinity all day for an unknown negro who broke into eleven residences last night and in at least one of them, attempted a criminal assault.

Just before midnight, the man entered the home of Mrs. D. A. Jackson who he attacked with intent to commit criminal assault. She screamed and fainted and the negro fled. In two other instances he pulled the covering from two women as they slept but each time was frightened away by screams.

The hounds brought to the scene have proved useless in tracking the negro.

CHIHUAHUA IS CUT OFF

Insurrectos Have City Completely Bottled Up and the Situation Becomes Grave

El Paso, Tex., March 5.—Despite the assertion by federal officials that the city of Chihuahua has provisions sufficient for two months, El Paso merchants in close touch with conditions of the Mexican city, say that the food situation in Chihuahua is rapidly becoming serious.

El Paso is the base of supplies for all imports into Chihuahua and merchants here are apprised that coffee and sugar at \$1 a pound, with other staples in proportion.

The Mexican Central railroad apparently is under complete control of the insurrectos both north and south of Chihuahua and no supplies have passed the blockade since the latter part of February. Passenger traffic is at a standstill from Juarez south and the Wells-Fargo Express Company has instructed its agent at Juarez to receive no shipments for points between Juarez and El Paso on the Mexican Central, a distance of nearly 1,000 miles.

Mr. and Mrs. Oliver C. Brown, of Moultrie, Ga., spent yesterday here with relatives.

EVERY DAY THIS WEEK

Every day this week you will find that we will be able to offer you many things that will appeal to your taste and good judgment.

We will have on some specials every day and in order for you to know what will be offered you will have to read my ads daily.

We always have the goods that we advertise and your past experience in dealing with us we think sufficient to warrant the assertion that you need not fear that you will not get the goods as advertised.

We have many new things to show you in all the departments. You are cordially invited to see these goods and make your own comparison.

F. C. March 1911

Accidents will happen in any political organization

Joe Bailey came back, but hadn't got out of hearing

You won't hear anything else about the Godbold affair, now that Walker Percy got started on the governor

Birmingham ought to find no way to utilize all that noise she is making over the commissioners she wants, or doesn't want

We are reasonably sure that Senator Lorimer will have no engagements to fill on the chautauqua platforms for several seasons yet

Any way, the old time jog-along sort of airship won't have to take the dust of the joy-riders as they speed by.

New Mexico wasn't admitted, and probably due to the fact that there is too much talk about her namesake just now.

The Italians of this country saved enough from their business to spare the old folks at home twenty-six million dollars during the year 1910

There ought to be something done to this dust. The weather man has refused to give relief. The street sprinkler would look reasonably good

There are people in this town who think the street sprinkler should be used often, if they can spare the miles, the negro, and the water. This dust is doing damage, then it may have germs in it

The "level-headed Democracy" that placed Governor O'Neal where he should not cease its vigilance lest the old ship be run on a sandbar. There are too many pilots and not enough common seamen

Up to press hour, Governor O'Neal hasn't received the resignations of Senators Bankhead and Johnston, which might be accepted, owing to present demands for appointive places in the administration just now.

So far, Governor O'Neal has stood by his friends in the way of handing out appointments, but there are so many yet to be made, till we shall refrain from further comment till the other appointments are in

It is strange that the poor service in the Atlanta postoffice has just lately come to light. For a city that has a reputation of asking for what it wants, it does look like they delayed the kicks on the poor service for some time.

It must be thoroughly disgusting for a band of enterprising and hard working train robbers to hold up and rob the wrong train, as was the case the other day near St. Louis. They thought they were holding up a train that had \$100,000, but they got a local, with but little money.

They did sit down on Joe Bailey, but he needed it. He got his mashing because of the bad company he kept in supporting Lorimer. It was a punishment to him, and he deserved it, but when he got mad and said he would quit and go home, the boys jolted him up a bit and he thought better about it.

There are many educated men who never got off with more than the three r's, but they had to overcome some heavy handicaps. It isn't a good rule to adopt, especially at a time of our business life, when the man not prepared to battle with the problems will go down in defeat, and to some job that will insure but a living and plenty of hard work.

HAVING OPINIONS
Hon. Joe Johnson, pro tem, also fell into the column with Lee Long and Wash Darden, and voted against the newspapers selling space for transportation. Joe went to Montgomery unpledged on this measure.

But he wrote us a letter and said he many words, it really means "Now would not only support the bill, but look here, Governor, we have stood would introduce it, if necessary. That by you when our better judgment shows what bad company does for told us that we shouldn't do it, we have pretended to stand for things Nobody expected Joe to vote with you do, we have put the words in the prints, but we are surprised every mouth, we helped to make you body who knew of the promise in the governor, but we are about to be sorry for it. We will look over this newspaper—Guntersville Democrat.

You see, Brother Pennell, there is such a vast difference in just plain Joe Johnson and the Honorable Joseph Johnson, representative of this kind. You must cut loose from some of your friends."

That is what the Advertiser's article meant, but it was too considerate promising—very promising, and to say it that way. It will put it when he has been with the boys in stronger next time. There will be a next time too. Governor O'Neal, unfortunately, is in the hands of some friends, who, if they were against him would make the administration more successful and effective. He can't help it unless he has backbone enough to call a bat and tell them he has come to the pointing of the way.

Probably he will do that. We don't know we do know that he really deserves sympathy.

"SOME PLAIN TALK"

Under this heading The Montgomery Advertiser has its speech aside and delivers some heart to heart talk for the benefit of Governor O'Neal. After it gets warmed up to the subject the following is a part of what he said:

Since his inauguration a cabal of political machinators has set him down in Montgomery and it is constantly rumored that this cabal has said and done many imprudent things indicating a much stronger hold upon the governor than he could afford to let it exercise. Yet one by one events have occurred which have given too much color to the reported boasts of this cabal.

The Governor by his own course in various matters has strengthened the belief that he is entirely too susceptible to the suggestions of that cabal. On Friday Hon. Walker Percy, of Jefferson, on the floor of the House voiced a protest against a number of the acts of the Governor. The Advertiser thinks that in some respects he exaggerated the situation, but it cannot be denied that Mr. Percy's fundamental allegation that the Governor has not based a number of his appointments upon distinct fitness has a large basis of fact. Unquestionably he has redeemed a number of fancier or real political obligations at too great a cost to the public service. He has sometimes forgotten that public office is a public trust. Apparently he has yielded too much to the machinations of the crafty self-selected self-seeking men who have tried to establish an oligarchy here.

The Advertiser is sunk to say that Governor O'Neal in the goodness of his heart, has shown too great a sense of obligation to this busy bunch. It looks as if he has had too much confidence in their judgment. They have not played the part of disinterested friends. If he permits them to continue their easy access to his ear they will lead him into other blunders. They have already embarrassed his administration caused him unnecessary trouble in guiding the Legislature into redeeming pledges of the Peoria platform and are placing him in a wrong attitude before the people of this State. It is time a half be said.

The men constituting this cabal are in any considerable degree rich and are devoted friends of Governor O'Neal as they claim to be. They should be satisfied with the fat plums they have secured for themselves and their friends and should return to their homes to attend to the duties they may have there. If they should not recognize the situation voluntarily retire Governor O'Neal should wash his hands of them and plainly tell them to relieve him of the further embarrassment of their presence here.

The Advertiser regrets that it is a duty to talk so plainly, but there are times when plain talk is expedient.

This paper renewes the statement of its conviction that Governor O'Neal wants to serve the state's best interest and it believes that he is acting in his interest as well as in that of his party, when it advises him to rid himself of the selfish politicians who have attached themselves to him, for they are as mercenary as ever a high minded patriotic Governor had.

Judge H. A. Pearce left this morning for Troy where he will be for the next two weeks holding court.

So after due deliberation, the Advertiser hands out a column of "Plain Talk".

You can see from the editorial that while it doesn't say so in so

HARMONY CLUB MEETING POSTPONED

The meeting of the Dothan Harmony Club which was to be held tomorrow afternoon, has been postponed and will be held Friday afternoon at 4 o'clock with Mrs. W. P. Wilson on West Main street.

Miss Ada Dawsey, of Hartford passed through Dothan today on her way to Nashville, Tenn., from where she goes out as milliner for the L. Jonas Company.

LIFE INSURANCE FOR WOMEN

Until within the past year the legal reserve life insurance companies did not consider insurance on the lives of women as safe as on the lives of men. Investigation however has proven that it is as safe as many old line companies take to make risks at the same rates as male risks.

One of the leaders in this new departure is the National Life Insurance Company of Vermont. A woman can secure any kind of insurance sold by this company at the same rates as her husband would have to pay. The policies are similar in every particular. Thus a mother can secure insurance payable to her children, in case of her death, thereby providing for their education and support independent of what the husband or father may provide. This company is sixty-three years old and has over fifty million of assets. I will be pleased to explain its plan and policies to any lady who is interested.

Warning to Railroad Men

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroading. Geo. D. Bell 639 Third Street, Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says

Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely.

Since being cured I have recommended Foley Kidney Pills to many of my railroad friends. Sold by N. H. McCallum.

Dothan, Ala.

SHE BROKE DOWN ENTIRELY

Lantz, W. Va.—Mrs. Tebo Talbott, of this place, says, "I had been troubled with womanly ailments for some time, and at last I broke down entirely. I got so weak I could scarcely walk across the room. Thanks to Cardul, I improved right off. Now I do my housework and am feeling well." During the past 50 years, more than a million women have been benefited taking Cardul. You must believe that Cardul will help you, too, since it has helped all these others. Cardul is a safe, harmless, vegetable remedy, of positive curative merit, for women. At drug stores. Try one bottle, it will surely help you.

KANSAS WOMAN HELPLESS

Lawrence, Kas.—Mr. J. F. Stone of this city, says, "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardul, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardul, the woman's tonic, on the womanly constitution are the most valuable qualities of this popular medicine. Cardul acts specifically on the womanly constitution. Half a century of success proves that Cardul will do all that is claimed for it. Try it for your trouble."

Saxon-Heard-Williams Co.
"CORRECT DRESS FOR WOMEN."

Blount's True Blue Steel Middlebreaker The "FARMERS FRIEND"

Right now if you are late with you plow and want to get ready for planting, get a Blount No. 10 Steel Middlebreaker, strong enough for two mules and light enough for one. You can do three furrows at once and do it better and cheaper. No cotton stalks too big or middles too hard that this Steel Middlebreaker, wont wipe out at one lick and pull as easy as a 7 inch shovel.

Remember this is no chilled plow. It's made right, from the very best steel and will not break. It cuts through and soil like a knife and wont kill a man to plow it, or mule to pull it, through stumps, roots or hard land.

We sell this plow with a guarantee to do the work or you can return it. You don't have to take our word for what we claim this plow will do. If you know any of the following good farmers, ask them what they are doing with "Blount's True Blue Middlebreakers; Mr. Henry Lane, Kinon Strickland, Jasper Barnes, Frank Nordan, Sam Holland, Hosea Wilson, Jim Hix, Dave Dawsey, Tom Dawsey, Bill Burdeshaw, John Foster, J. H. Lane, W. H. Brinks, Will Floyd, Tom Trawick and dozens of other good farmers in Houston County that are using Blount's True Blue Middlebreakers.

Remember you take no risk. If this plow does not do your work, if you are not satisfied after a reasonable trial, bring it back and get your money. We deliver to any Railroad Station in Houston County. Mail orders will receive prompt attention.

NORTH FOSTER STREET, DOTHAN, ALA.

AN OLD-FASHIONED REVIVAL WANTED IN WALL STREET.

Pittsburg, Pa., Feb. 19.—Quoting an extract from the Wall Street Journal Pastor Russell used it as his text in conjunction with Proverbs xiv, 30. The Journal not long since appealed "for a revival of old-time religion, which took time to pray every morning and to attend the mid-week prayer-meeting." It claimed that such a revival would cleanse the country of filth, of graft and of greed, petty and big, of worship, of fine houses and big lands, and high offices and grand social functions.

Bishop Candler also noticed the Journal's appeal and Pastor Russell quoted him freely as follows:

"We cannot get a revival of religion by *feeling* a revival of religion. Nowhere in God's Word are men admonished to seek a religion or seek a revival of religion."

"Herein is our trouble: we have lost God." Men called preachers have explained away the Word of God, making it no longer a sure Word of prophecy, but an antique for the critics to analyze and discuss. The moral law has been lowered. The Ten Commandments have been reckoned as a piece of Mosaic plagiarism applicable to the needs of ancient nomads in the wilderness, but having no more than a qualified bearing on the life of today. The Sermon on the Mount has been treated as "An iridescent dream." The lordship of Jesus Christ has been denied, while treacherous compliments have been poured out upon His name, as that of merely a great Teacher and noble martyr."

Difficulties in the Way, Says Pastor Russell.

The words of the Wall Street Journal respecting the need of the old-time religion are along proper lines. Bishop Candler sees already what I also have so frequently pointed out, namely, that the so-called New Theology, Higher Criticism and Evolution theories have so undermined faith that it would be folly to look for a return of the pious earnestness of the past, which was built upon a living faith, even though it was not the pure faith "once delivered unto the saints" (Jude 3).

Most Important Points.

It is useless for any to attempt to believe or to attempt to teach others that God is great, and just, and loving, while at the same time teaching that he prepared before the foundation of the world an immense torture chamber in which thousands of millions would be forced to spend eternity. How our forefathers could believe this and yet believe somehow or other that God is Love we do not understand. It was their faith in God's love, and not their faith in eternal torment, which constituted the power of God working in them for good, and which offset the errors of their creeds to a considerable degree.

What the world needs, and what first of all the Church needs, is to get doctrinally straight in respect to the Almighty's character, and in respect to His purposes with His human creatures. As soon as that condition of mind shall have been reached there will be no need to pray or to ask for revivals of religion—they will follow irresistibly.

But what do we see opposing any such desirable denouement? We see two hundred thousand Protestant ministers and Sunday School superintendents working against such desirable results. We see about two-thirds of them advocating Higher Criticism-Inidelity and the other one-third striving to hold the people in ignorance respecting the teachings of the Bible concerning man's future.

Church and World Standards.

During the "Dark Ages," the fact that the Church is a specially called, chosen, faithful class and only "a little flock" was seen and preached to some extent. But this lofty Church Standard was difficult of application to the world, and the world's hope under a different standard was not seen. It clarifies our minds greatly when we recognize that the "elect" few are intended by God to be the world's instructors and helpers by and by, when the world will be granted an opportunity of rescue from sin and death, not to heavenly conditions, but an earthly restitution of all that was lost by Adam's transgression and redeemed by the great sacrifice of Calvary.

After learning that the hell to which the world goes in death is the grave, and that it is an unconscious condition, a "sleep," the next lesson is the resurrection of the dead: "Many that sleep in the dust of the earth shall awake." "some to shame and lasting contempt" (Daniel xii, 2). Man must fall asleep with experience only with unrighteousness and very indistinct glimpses of holiness and saintship. When awakened they will recognize the glory, honor and immortality of the saintly Bride of Christ and be recipients of her loving care and blessing in proportion as they respond to the blessed privileges of that time. As the Restitution work will progress, and they obediently rise from their degradation, their shame and contempt will gradually disappear and eventually perfection of human nature may be attained in an earth also attaining perfection, in the Garden of the Lord.
